ADMINISTRATIVE PROCEDURES MANUAL**

Title: LIBRARY SERVICES	Number: AP 6.24
Legal Authority: California Education Code Section 78100 et seq. and 70902	Page: 1 of 1

The City College of San Francisco Catalog details the services provided by the College Library. This document shall be updated annually by the Vice Chancellor, Academic Affairs, for currency and correctness.

The campus and centers of City College of San Francisco will provide adequate collections, reference materials, and services to support student learning as recommended by the faculty. To fulfill its mission, the library:

- A. Contributes to student learning outcomes by actively engaging in both the development and implementation of an information competency initiative that supports the curriculum and lifelong learning;
- B. Provides users with assistance and instruction for success in the use of library resources for their present studies and lifelong learning;
- C. Strives to provide equal access to print and electronic materials and to develop services, including distance learning services, for students with a wide range of scholastic abilities, learning styles and comprehension levels;
- D. Is supportive of and responsive to the changing needs of people with diverse ethnic, cultural, social and economic backgrounds; Advocates for faculty and staff participation in building and enhancing library resources and creating new services;
- E. Contributes to the college's curricular goals by providing programs and exhibitions and by publicizing available resources and activities;
- F. Encourages forging of partnerships and integrating of new technologies to increase access to resources and services external to the college's physical collections.
